

Academic Integrity and Progress

A Principian is expected to pursue a life of integrity. Therefore academic honesty is essential to a Principia College education.

Students are responsible for doing their own academic work and making satisfactory progress. Instances of cheating or plagiarism are referred to the Scholastic Committee. Poor academic performance or a breach of academic integrity could result in academic suspension. For more information see Academic Standing (<http://catalog.principiacollege.edu/academic-rules-procedures/standing/>). Students on academic suspension are not allowed to remain in campus housing.
